

1* End of line.
2* , ?
3* , seems more probable than .
4* After this group Chass. (337,3*) gives , 639. , .
5* The publication is misleading. is not the last sign of the l. The line continues and the beginning of 3. l. 1 (op. cit. p. 199) is really the conclusion of l. 3. See also 351,3*.
