a										
b										
c										
d										

1* Copied from Ms. Lacau.

2* *His* *Divis* *N* *tu* would probably fill the space which is available after restoring the end of Spell 11 (38a).

3* *u* probable.

4* Traces suit well.

5* *is*? *u* suits *u*, but the second *u* is certain.

6* Lost in the long lacuna (nearly 20 lines) before L.260 (42a).

α										
β										
γ										

1* Doubtful. Chiselmark

2* No room for 42. The tent of 42 a/c fills the lacuna exactly.

3* About 5 groups.

4* A long omission due to homosteleuton.
