1\* See Spell 243.  
 2\*  $\rightarrow$  seems certain.  
 3\*  $\circ$  much more probable than  $\circ$ .  
 4\*  $\text{---}$ ,  $\infty$  obscured by chiselmarks.  
 5\* Obscured by chiselmarks,  $\rightarrow$ .  
 6\* Judging from B2L, what follows is probably a new spell.  
 7\* Between  $\text{G}$  and  $\rightarrow$  a space of 6-7 sq. was left blank. The rest of  $\text{c}$  may fill this lacuna; the length indicated by the scribe may, however, be arbitrary.  
 8\* Misplaced; probably copied from an original with horizontal titles.  
 9\*  $\text{F}$ ,  $\text{F}$  looks very probable.  
 10\* Pyr. 276 a - 277c follows.
